Practical Questions and Answers

- > What are the cancellation or postponement conditions?
- > What happens if you are not able to travel anymore?

Our establishment has a flexible cancellation policy and will allow you to get a 100% refund if you cancel up to 8 days before your arrival. For any cancellation occurring between 8 days and 48 hours before your arrival date: we will give you the possibility to postpone the deposit paid on a new period of stay (according to our availability).

- > What measures are being taken today to prevent risks?

The first barrier, and probably the most efficient, is the space we enjoy in Le Prieuré. This non-promiscuity (spaced tables, etc.) naturally limits the risks. Other features of our House also work for increased safety: there is no recycling air treatment in the common areas, and according to the rules of the House, air renewal is ensured by opening the doors and windows.

In addition to this context, there are vigilance measures with our teams and customers. A special awareness of hygiene procedures was implemented with an increased frequency of hand washing and risk surfaces.

All measures are taken to ensure you a pleasant stay in Le Prieuré - Baumanière at Villeneuve Les Avignon.
